### **Host Family Disclaimer (IMPORTANT: Please read all information below.)**

Students are expected to live in their homestay for the entire program. Living in a homestay includes housing, transportation to/from school, two meals per day (breakfast and dinner) Monday – Friday, and three meals per day (breakfast, lunch, dinner) Saturday – Sunday. All utilities (except telephone use) are also included. Students will need to have their own cell phones. Students are not guaranteed placement with any specific type of family (race, marital status, families with children, etc.), as all of the families in our program have been pre-screened and have met the qualifications of being a host family. Homestay placements will be based upon a number of different criteria including the families' availability at the time the student arrives, the type of student they are looking to house, and the information provided in the homestay application.

# Housing Policy for Homestay Students

1. All students are required to give their host family a **refundable** security deposit, in the amount of \$300, at the time of move-in, in order to cover the cost of any damages to the property for which the student is responsible. If the student does not cause any damages to the property, they will receive a full refund of the \$300 security deposit. If any security deposit funds are used for cleaning or repairs, the family will provide the student with receipts showing the cost of services or repairs performed.
2. Students may also be held responsible for any damages caused by visitors (friends and family) that they have invited into the home.
3. Students are advised to do the following actions to protect their deposit
  - a. Upon moving in, inspect their bedroom for any existing damages (carpet stains, lighting, closets, etc.)
  - b. Document any damages upon moving in and let the host family know immediately that they exist. This will show the host family that the damages were pre-existing and not caused by the student.
  - c. Tell the host family about anything that needs repair from normal use, such as replacing a light bulb that has burned out.
  - d. Several days prior to moving out, the student should thoroughly clean their bedroom and show it to the host family. This will allow the host family to inspect the room and let the student know if there is anything further that needs to be done.
  - e. An initial inspection of the student's living area by the host family will give the student a chance to repair any damages before the final inspection, which will take place on the actual date the student moves out.
4. Any dispute between the student and host family should be brought immediately to the attention of the DVH Housing Director for resolution.
5. In the event that DVH must remove a student from a homestay due to disciplinary or behavioral problems (including breaking house rules, theft of property, continuing conflicts or verbal abuse toward a family member, physical abuse to any persons or property, etc.), the student will be removed from the homestay and DVH will not place the student in another homestay.
